Pumps and Valves Technology

- Flange and Register Repair
- Line Boring
- New Shafts
- Motor and Impeller Work
- Discharge Head Repair
- CAD Modeling
- Reverse Engineering
- Material Selection

Pumps and Valves

Equipment List

SPECIALTY CNC

19" SWING X 60" BED
(turning, live tooling and Y axis)

28" SWING X 59" BED
(dual spindle, milling spindle, tool changer, 7 axis)

TURNING - CNC LATHES

FROM 24" SWING X 80" BED
UP TO 87" SWING X 432" BED

VTL'S FROM 63" SWING X 43"
UP TO 276" SWING X 137"

MILLING - CNC

VERTICAL MILLS FROM 23" X 60"
UP TO 240" X 132" X 87"

HORIZONTAL MILLS FROM 59" X 47" X 28"
UP TO 312" X 144" X 144"
WITH A 10.5' ROTARY TABLE

PRESSES

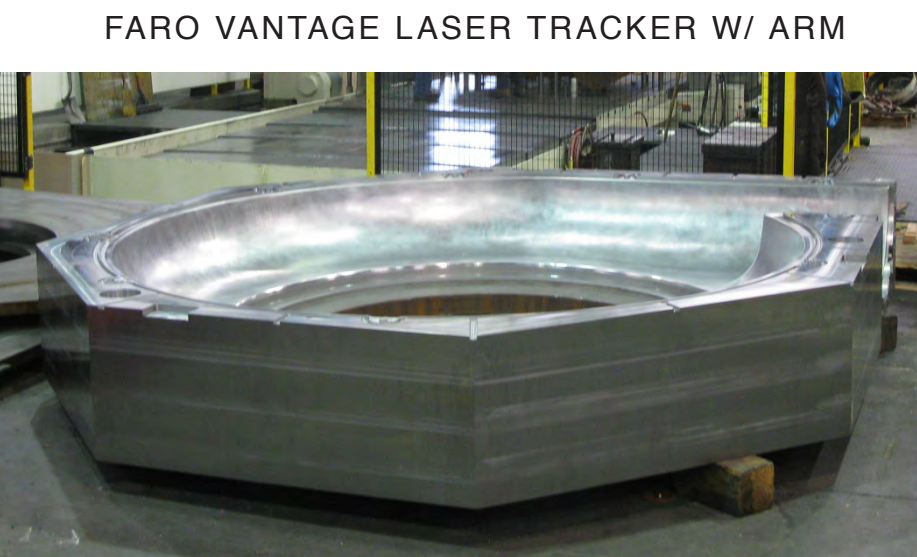

UP TO 600 TON

QUALITY CONTROL

ISO 9001:2015 REGISTERED

LEICA LASER TRACKER (PORTABLE CMM)

FARO VANTAGE LASER TRACKER W/ ARM

Mining and Minerals

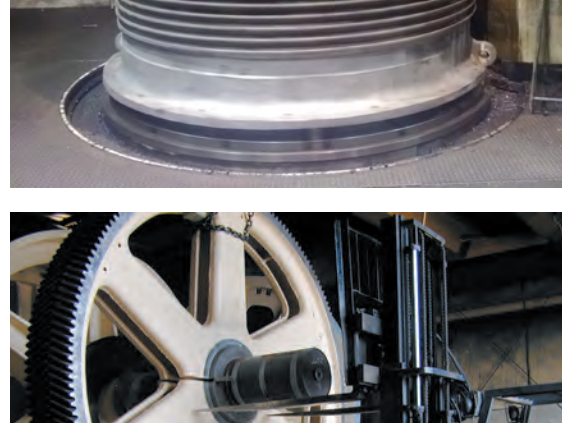

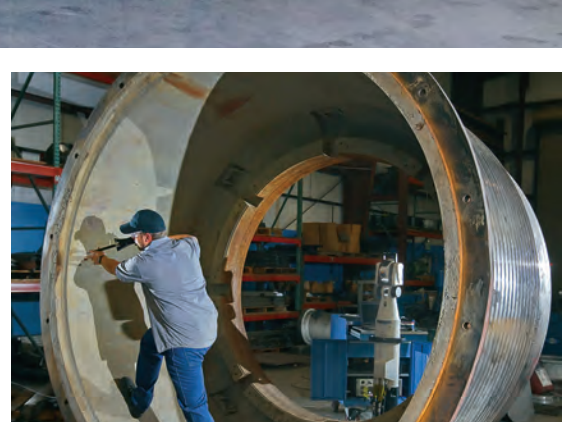

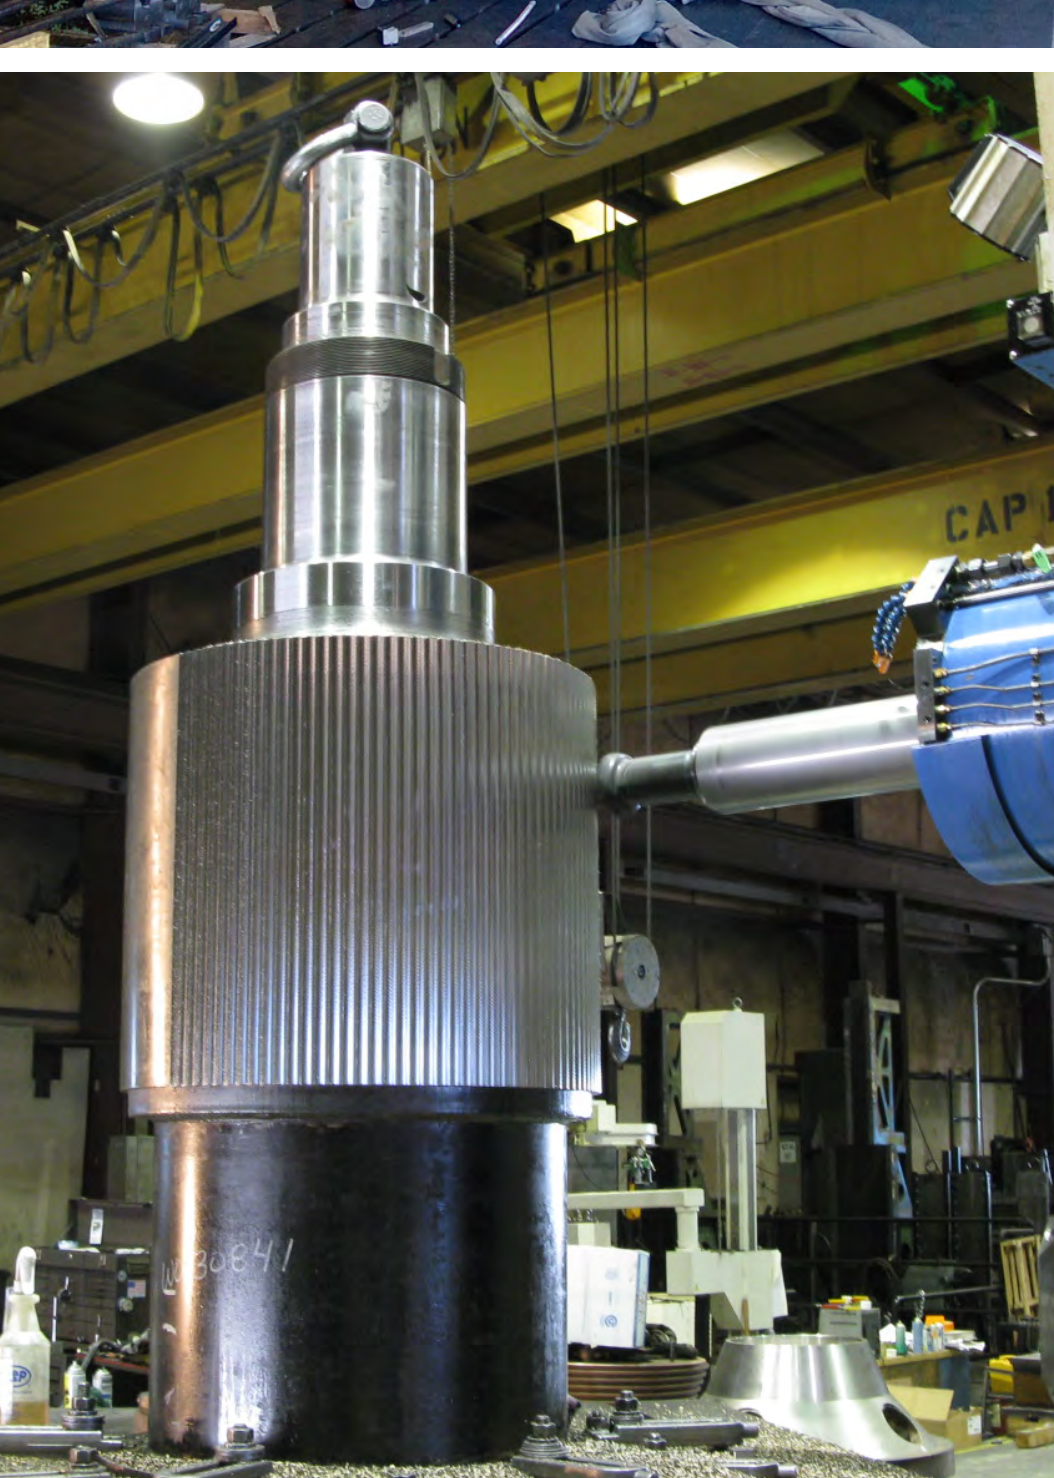

Capabilities

Bonneville Machine can handle all your needs from small to large jobs with crane capacities up to 60 tons.

Our machines have turning capabilities up to 23' in diameter x 36' in length.

Milling capabilities of 26' x 12' with a ten foot rotary table.

We have added the industry's most technologically advanced machines that allow us to competitively produce parts in a wide range of sizes.

When People and Machines

join forces with precision, dedication and a clear objective, the resulting product is superior and on time.

People Machines and Products

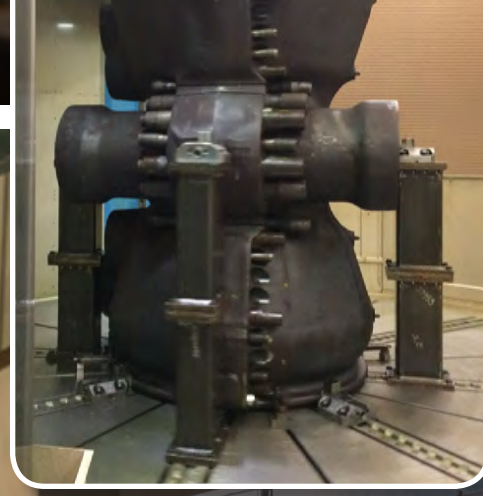

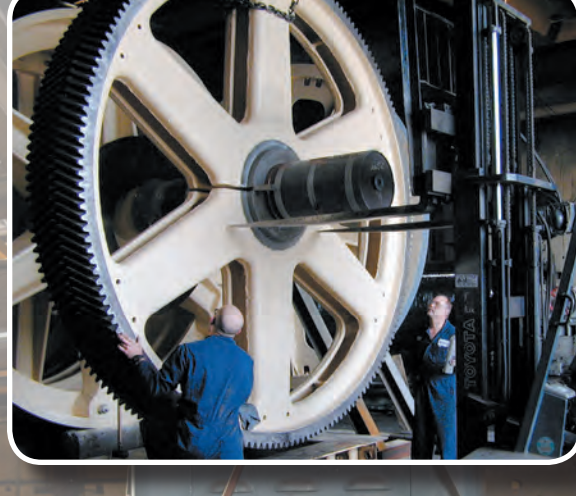

Bonneville Machine has been an

industry leader serving the intermountain West for over 45 years in machining and industrial repair.

With our state-of-the-art machines we have the capacity, resources and personnel

to deliver the highest level of accuracy and quality.
